Our Story

Our path into the roofing industry was a twist of fate, driven by our shared love for helping others. But throughout our career in this field, it became rapidly apparent that there were critical changes needed in the industry.

Starting our company adventure was a mutual dream my wife and I shared: to redefine the customer experience in the roofing industry by embedding trust and transparency at its core.

Our goal is not to become the largest company but to become the most trusted!

At the beginning of our journey, our primary goal was to provide for our family. However, along the way, we've discovered that the true reward lies in cultivating a culture where our employees are excited to come to work, respect their roles, and cherish the company they're a part of.

By fostering such a team, we're able to concentrate on customer excellence and establish ourselves as a company renowned for its innovation and integrity.

What People are saying about RCC....

I cannot say enough good things about Brian, Jennifer, and the RCC Crew. We had major water damage in our home while we were out of state, and were unable to return before work started. Brian & Jennifer worked closely with us and our homeowner's insurance company to ensure that we got quick and fair estimates and were able to start work immediately. Instead of taking weeks to get a claim approved and work completed, it took only days and our home was as good as new. They gave us constant updates, pictures, and progress reports and even helped us save money where we could (which is unheard of from most companies!). They are honest, reliable, and transparent. They will definitely have our business in the future.

Brian and Jenn were a pleasure to work with from start to finish . Brian did a great job working with our insurance carier and convincing them that our roof had indeed sustained hail damage. Our carrier had denied the insurance claim on two previous occasions in 2022. They are excellent at answering my questions and following up with me. I highly recommend using Brian, Jenn, and Trey for any roofing projects because they are trustworthy, knowledgable, extremely customer friendly, and their work product is exceptional. Brian and Jenn had to convince my wife and I to go with the black shingles and we are so happy we did as it really stands out.

Brian and Jenn are GREAT!!! From the moment we met them until the job was complete, they were fantastic! Responsive, proactive, communicative, fair, willing to work with us, prompt, clean job site, and truly listened and responded to all my concerns. Being an engineer, I ask a lot of questions and they never once shied away from a single question. Their crew was also great. Before they left the job after completion, they made a special effort to ask if everything was good. A few items were raised and all were promptly addressed. I could go on and on but will stop here. Thanks Brian and Jenn!!!!
