

SELECT SHINGLEMASTER™

You're Getting One of the Best

Certainteed
SAINT-GOBAIN

A Premier Company

The SELECT ShingleMaster™ credential represents the highest standards in the shingle roofing industry.

It includes a rigorous process, including several significant educational and accreditation steps – a mark of distinction that separates SELECT ShingleMasters from most other companies.

The company must continue to meet the following requirements to maintain the credential.

The Most Well-Qualified Installers

- Through testing and regular re-accreditation we ensure that all supervisors and at least 50% of the company's installers are Master Shingle Applicators™ (MSAs).
- Information from the CertainTeed *Shingle Applicator's Manual* provides instruction to MSAs, making them some of **the most knowledgeable roofing installers** in the industry.

Product Knowledge

- One or more company employees have earned the Shingle Quality Specialist™ designation after passing a test on the CertainTeed *Shingle Technology Manual*, which proves their knowledge of shingle products, quality standards and satisfying customer objectives.
- **Trust in their expertise** to explain important differences between shingles and offer an appropriate selection of products for your roof.

Insured and Established

- The SELECT ShingleMaster must carry worker's compensation insurance, as required by law, and liability insurance covering roofing. This coverage is **critical for your protection**.
- This company has been in business for a minimum of five years or held another CertainTeed credential for at least one year, or has prior industry experience that CertainTeed considers a comparable qualification.

Ethical Conduct and Customer-Focused

- The SELECT ShingleMaster agrees to abide by a code of ethics that covers compliance with applicable laws, standards of workmanship, customer service and business administration.
- This company must maintain a customer satisfaction rating of 4 or higher on a five-point scale.

Up-to-date and Ongoing Credential Requirements

- CertainTeed keeps records on each SELECT ShingleMaster to ensure their credentials and insurance coverage are current.
- Call 800-782-8777 to ask about a contractor's credential status or look them up on the **Find a Pro section of www.certainteed.com**

Only a SELECT ShingleMaster Can Offer CertainTeed's Strongest Warranty

You've selected a qualified CertainTeed credentialed contractor and you're choosing the right shingles and roof system. Why not add that extra layer of protection with SureStart™ PLUS?

All CertainTeed shingles carry standard SureStart protection which fully covers your shingles during the early years following installation in the event of a manufacturing defect. Once the SureStart period ends, typically after 10 years, you are covered for shingles only and at a reduced rate as the roof ages.

Your CertainTeed SELECT ShingleMaster is exclusively authorized to offer you all three levels of SureStart PLUS, which takes CertainTeed's traditional SureStart protection and extends coverage for up to 50 years, depending on the level of protection you choose. That means, in the event of a manufacturing defect, you are fully covered.

Customer TrackRecord™

Selecting the best roofing contractor can make all the difference.

Knowing what other homeowners think of a contractor can bring both comfort and confidence that you're receiving the best service, products and pricing.

Here's how you find a contractor's Customer TrackRecord:

- Visit certainteed.com/findapro
- Enter your zip code
- Identify your contractor – all contractors participating in TrackRecord will have stars under their name and a rating from their previous customers
- Completed jobs will be rated 1-5, with 5 being excellent

SureStart PLUS Enhances Your Warranty Protection for Greater Peace of Mind

Not only does CertainTeed's exclusive SureStart PLUS offer the best protection you can get over the long term, it expands your coverage even more. It's the result of roofing products that are manufactured with quality materials and installed by skilled craftsmen.

The accreditation of a roofing contractor under CertainTeed's SELECT ShingleMaster credential is CertainTeed's acknowledgement that the contractor has met the foregoing criteria. This designation is intended to assist homeowners in selecting a contractor, but is not intended as a guarantee of the contractor's workmanship or integrity. Roofing contractors are independent organizations and are not agents or affiliates of CertainTeed. As independent contractors, they, and not CertainTeed, are solely responsible for the quality of their work and the conduct of their employees.

Integrity Roof System™

A COMPLETE APPROACH TO LONG LASTING BEAUTY AND PERFORMANCE

With as much care as you take in selecting the right contractor, choosing the right roof system is equally as important. A CertainTeed Integrity Roof System combines key elements that help ensure you have a well-built roof for long-lasting performance.

It all starts with CertainTeed's broad line of shingles, featuring brilliant color blends, dramatic styles and shadow lines, and the strongest warranties in the industry. The right shingle can mean the difference between an average, everyday look or a beautiful roof that's the talk of the neighborhood.

Shingles are just the beginning – to keep your new roof performing and looking great for years to come it takes a complete CertainTeed Integrity Roof System approach.

1. Waterproofing Underlayment

The first step in your defense against the elements. Self-adhering underlayment is installed at vulnerable areas of your roof to help prevent leaks from wind-driven rain and ice dams.

2. Water-Resistant Underlayment

Provides a protective layer over the roof deck and acts as a secondary barrier against leaks.

3. Starter Shingles

Starter Shingles are the first course of shingles that are installed and designed to work in tandem with the roof shingles above for optimal shingle sealing and performance.

4. Shingles

Choose from a variety of Good-Better-Best styles to complement any roof design and fit your budget.

5. Hip & Ridge Caps

Available in numerous profiles, these accessories are used on the roof's hip and ridge lines for a distinctive finishing touch to your new roof.

6. Ventilation

A roof that breathes is shown to perform better and last longer. Ridge Vents, in combination with CertainTeed Intake Vents or Soffit Vents, allow air to flow on the underside of your roof deck, keeping the attic cooler in the summer and drier in the winter.
